

METERING measurement and verification

SERVICES AVAILABLE

• SITE AUDIT SERVICES

Experts in assisting you to justify the need for utilities metering and monitoring using advanced auditing tools, proven in the field methodologies, and skilled technicians to audit and inventory your current metering system and communications backbone network or to help you to prepare for installing a new metering system.

• DESIGN AND INSTALLATION SERVICES

We offer turnkey advanced metering and sub-metering systems design and installation services from most major electric, water, gas, and greenhouse gas emissions (GHG) meters and IoT sensor manufacturers.

• CYBERSECURITY FOR METERING

Protecting your critical facility operating data from external bad actors and insider threat unauthorized access.

METERING-YOU CAN'T MANAGE WHAT YOU CAN'T MEASURE... METERING SOLUTIONS THAT WORKS FOR YOUR BUILDING.

*If **You Can't Measure It, You Can't Improve It.** Management thinker Peter Drucker is often quoted as saying that "**you can't manage what you can't measure.**" Drucker means that **you can't know whether or not you are successful unless success is defined and tracked.***

Millennium Energy Consultants has turnkey installed as a prime contractor, a variety of advanced metering (AMI) infrastructure devices in commercial and federally owned and operated properties such as the Ronald Reagan Building, Environmental Protection Agency (EPA) Headquarters Building, Alcohol, Tobacco and Firearms (ATF) Headquarters Building, the U.S. Census Bureau, Prettyman Federal Court House Building, William Jefferson Clinton Building, Raytheon Va Complex, Virginia Military Academy (VMI), and many others in support of Demand Response initiatives, tenant sub-metering, critical building loads monitoring, power quality analysis, temporary metering, energy conservation measures (ECM) M&V, Sequence of Events reporting, enterprise level asset management, and energy policy mandates for utilities monitoring compliance.
